Gundersen, C., A. Satoh, A. Dewey, M. Kato & E. Engelhard. *Map the Meal Gap 2015: Food Insecurity and Child Food Insecurity Estimates at the County Level*. Feeding America, 2015. This research is generously supported by the Howard G. Buffett Foundation and The Nielsen Company.

<sup>1</sup>Map the Meal Gap's child food insecurity rates are determined using data from the 2001-2013 Current Population Survey on children under 18 years old in food insecure households; data from the 2013 American Community Survey on median family incomes for households with children, child poverty rates, home ownership, and race and ethnic demographics among children; and 2013 data from the Bureau of Labor Statistics on unemployment rates.

<sup>2</sup>Numbers reflect percentage of food insecure children living in households with incomes above or below 185% of the federal poverty guideline for 2013. Eligibility for federal child nutrition programs is determined in part by income thresholds which can vary by state.

<sup>3</sup>Data in the state totals row do not reflect the sum of all counties in that state. The state totals are aggregated from the congressional districts data in that state.
