2. Liability for uncertain tax positions. In Part XIII, provide the text of the footnote to the organization's financial statements that reports the organization's liability for uncertain tax positions under FASB ASC 740. Check here if the text of the footnote has been provided in Part XIII

Schedule D (Form 990) 2019
Feeding America accepts charitable gift annuities from donors. Charitable gift annuities are contracts under which a charity, in return for a transfer of cash, marketable securities or other assets, agrees to pay a fixed amount of money to one or two individuals, for their lifetime. The organization maintains these liabilities as required and regulated by the respective states’ insurance laws including specified reserves. The liability is adjusted annually based on the ACGA published rates.

Feeding America’s endowment consists of 13 individual funds established for a variety of purposes including donor-restricted endowment funds and...
funds designated by Feeding America’s board of directors to function as
endowments. Permanent endowments are donor-restricted funds established to
support program services and management and general expenses. Board
designated funds were created to provide financial stability, resources
for growth and contingencies for future disasters.

Part X, Line 2:
Feeding America accounts for uncertain tax positions in accordance with
ASC Topic 740, Accounting for Uncertainty in Income Taxes. ASC Topic 740
addresses the determination of how tax benefits claimed or expected to be
claimed on a tax return should be recorded in the financial statements.

Under ASC Topic 740, Feeding America must recognize the tax benefit from
an uncertain tax position only if it is more likely than not that the tax
position will be sustained on examination by the taxing authorities, based
on the technical merits of the position. The tax benefits recognized in
the financial statements from such a position are measured based on the
largest benefit that has a greater than 50% likelihood of being realized
upon ultimate settlement. Feeding America does not have a liability for
unrecognized tax benefits, for the reporting periods presented in the
financial statements.

### Part IV

**Supplemental Information.** Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Part I, Line 2:

Members must submit a grant agreement and periodic reports as a requirement for accepting a grant from Feeding America. These reports are a vital part of stewarding donor relationships that result in continued grant funds available to our members. The Member Grants team creates report forms in conjunction with the Feeding America account manager, who is the main contact with the donor. This ensures that the donor's intent for the gift is included in the report requirements. The frequency of reporting is also in accordance with donor intent. The Member Grants team reviews completed...
reports when the reports come to Feeding America. The team follows up with

food banks that do not fully complete the reports. Information from the

reports is shared with the account manager who is the main contact with the

donor, and the Subject Matter Expert(s) (SMEs), which can assist members

with program implementation challenges.

During the grant period, awardee members must submit a written reallocation

request form if they are asking to use grant funds differently than
described in their original proposal. The Member Grants team along with the

appropriate account manager and SME(s) decide whether the reallocation

request is aligned with the donor's intent for the gift. If so, the

reallocation is approved. If not, the reallocation will be denied.

Appropriate staff as related to the grant opportunity follows up when there

are issues/challenges with a member's completion of the grant, or their

grant terms. When necessary, staff provide recommendations for changes to

the proposal. When there is a serious issue with a member and their grant

implementation, all appropriate staff will work together with the member to

address the situation. Final decision to request the return of grant funds

is made by consensus of the Compliance department, and other appropriate

staff related to the grant opportunity program. Examples of serious issues

that may require further consideration and action include: insufficient

progress; member unlikely to use funds; non-compliance during an audit

visit; and late submission of, or failure to submit grant reports.

Feeding America receives gifts of securities from donors which are delivered to its broker, who sells them on the same day and remits the sales proceeds to Feeding America.

Due to software limitations, Line 19, Column (b) does not show the full amount. The actual amount of food inventory contributions is 1,702,203,749 pounds.

Number of contributions reported in pounds. Annually, Feeding America performs a study to calculate the average wholesale price per pound (product valuation study). This value is then used to determine the fair value of donated produce and grocery items.
Form 990, Part I, Line 1, Description of Organization Mission:

Feeding America’s mission is to feed America’s hungry through a nationwide network of food banks and engage our country in the fight to end hunger.

Form 990, Part III, Line 4a:

Food procurement program includes supply chain, logistics and product sourcing services. Supply chain services facilitate the acquisition of food and grocery products for free distribution to Americans in communities across the country.

The Feeding America National Office augments donated food and grocery products with produce procured from farmers and growers to ensure a nutritional and well-rounded mix of product is available to the network. A portion of these procurement costs are offset by fees paid by member food banks to the donor/service provider, which may include the cost of packaging, transportation, and processing fees. During fiscal year 2020 the national produce program distributed 94 million pounds of fresh produce to our member food banks. Additionally, Feeding America regional sourcing personnel generated 78 million pounds of produce for the network making the total generated by Feeding America national office 172 million pounds. The Feeding America network collectively secured more than 720 million pounds of fresh produce (produce sourced through our other channels is not included in this number).
During fiscal year 2009, the Supply Chain team launched a national grocery program to obtain lower prices for purchased groceries by leveraging the collective buying power of our member food banks. During fiscal year 2020, 172 members participated in the national grocery program, with purchases of $117.7 million in food and grocery products that resulted in more than 171 million pounds of purchased food.

Product sourcing facilitates the donation of food and grocery products from major national and regional manufacturers and retailers. Through the efforts of food sourcing staff across the network, and the help of our trusted retail partners, the grocery rescue program (retail store donation program) secured more than 1.9 billion pounds of product. Food manufacturers donated more than 763 million pounds of food to our member food banks.

In total, the Feeding America network distributed approximately 6.0 billion pounds of food and grocery items in fiscal year 2020 to people in need. This represents greater than 24 percent growth over fiscal year 2019.

Form 990, Part III, Line 4b:

Member services advance the operations of Network food banks through capability development, consulting, assessment and training. The Feeding America national office inspects each Network member every 18-36 months to ensure compliance with the highest standards of food safety, management, governance and accountability. Significant portions of the member services FY20 budget helped to provide grants to member food banks supporting development of innovative charitable feeding.
programs, response to the COVID-19 pandemic, and strategic initiatives.

Of all food and funds raised by the national office, more than 98 percent goes directly back to Network members to support programs and services, including more than $240 million of direct support in the form of grants to the Network. Our Member Services program also advances logistics and service capacity through information technology; prepares our Network for responses to natural disasters through planning, information sharing and product deployment through disaster services; offers fundraising capacity building opportunities, and shares best practices and wisdom among Network members through knowledge and learning.

Form 990, Part III, Line 4c:

Public awareness and education services advance awareness of and engagement with the issue of hunger through marketing and engagement programs in addition to media relations and publications initiatives. All of which all aim to mobilize the public and drive awareness and support of both the issue of domestic hunger generally and Feeding America specifically. We believe the American public has a significant role to play in ending hunger. We have seen that people do indeed want to help people in need when they better understand who is affected by food insecurity, the extent of the problem, how it relates to their everyday lives and what they can do to address it. Feeding America is focused on delivering this information through targeted initiatives such as Public Service Announcement (PSA) campaigns, media outreach and additional marketing programs designed to reach people during relevant time periods. These initiatives are created and supported by world
class creative agencies, media partners and content distributors.

Form 990, Part III, Line 4d, Other Program Services:

Our Research and Evaluation Team spearheads critical research initiatives to better understand hunger and to continually improve our strategies to end it. We analyze the dynamics at play among the Nation’s food insecure individuals and families, the patterns surrounding their use of our services, and endeavor to utilize this data to ultimately create better local feeding programs. Additionally, we investigate our own Organizational operations as a network, identifying opportunities for continual growth and refinement.

During fiscal year 2020, we released the tenth consecutive edition of Map the Meal Gap, our signature study on overall and child food insecurity in every county and congressional district in the United States. Not only does this study allow our partners, policy makers, donors and the public to understand the picture of hunger in their communities, it provides our food banks with data that enables them to target their services to people most in need. Feeding America also released food insecurity projections for calendar year 2020 at the national, state, county, congressional district, and service area levels. Feeding America piloted the first-of-its-kind Agency Pulse Survey tool that our member food banks can use to assess their partner agencies’ needs for additional food, funds, and other resources as a result of COVID-19. Additionally, Feeding America produced The State of Senior Hunger in America in 2018 which documents the prevalence of food insecurity among the senior population age 60 and older in the United States, along with a new report this year that examines food insecurity...
among adults age 50-59. We also supported our network food banks with
new research tools, such as a Levels of Evidence Framework to assess
and compare effectiveness of tested programmatic interventions, and a
research toolkit of validated survey measures to support local research
in accordance with national best practices.

Expenses $12,811,564, including grants of $0. Revenue $1,497,305.

Programs and Policy

Feeding America’s national programs are targeted, scalable distribution
models that increase access to meals, groceries or benefits to
children, families and seniors. We strengthen our network by providing
grant funding, program standards, technical assistance and training
resources that increase capacity and build awareness. We have expanded
the reach of our national programs by providing 157 million meals
through programs that feed children, such as kids cafe, backpack, and
school pantry programs; by providing eligible families access to over
232 million meals through supplemental nutrition assistance program
(snap) application assistance; and by providing 220 million meals worth
of nutritious food to food-insecure seniors through senior programs.

Our public policy and advocacy programs educate federal lawmakers and
policy influencers about hunger in America and identify and advance
policy solutions that assist Americans who are struggling with hunger
and strengthen food banks. Our non-partisan efforts help protect and
strengthen federal nutrition programs that provide meals to families,
children and seniors in need and policies that facilitate and support
charitable giving of food and funds to non-profits providing meals to
hungry families in America.
In FY 2020, Feeding America’s legislative focus was on increasing
funding for federal nutrition programs in response to Covid-19,
including increased funding for TEFAP, an increase in snap benefits and
flexibility for child nutrition programs. We continue to build advocacy
capacity and engagement across our network by developing advocacy
training programs for food bank staff. We also mobilize advocates
online who generate tens of thousands of phone calls and emails in
support of policies that reduce hunger in America. We are building
civic engagement programs that ensure the people we serve are active
participants in their community from encouraging them to register to
vote to ensuring they participate in the 2020 census.

Form 990, Part VI, Section B, line 11b:
The Audit and Risk Management Committee and the Executive Compensation
Committee of the Feeding America Board of Directors reviewed the prepared
Form 990 during the first quarter of 2021, followed by a sign-off by the
full Board of Directors in February 2021. All bodies reviewed the data and
had the opportunity to offer refinements to narrative language. Our
accounting firm, RSM US LLP, also reviewed these forms. The final Form 990
was submitted to the Internal Revenue Service shortly after review. The
complete Form 990 is provided to the entire Board of Directors before it is
filed with the Internal Revenue Service.

Form 990, Part VI, Section B, Line 12c:
Annually, Executive Team members (currently the fourteen highest-ranking
staff members) and Board members are required to sign a Conflict of
Interest form disclosing any such issues. Executive Team member forms are
reviewed by the Chief Human Resources Officer and the Boards' are reviewed

by the Secretary to the Board to ensure compliance. Any areas of concern

are thoroughly discussed and remedied at this time and throughout the year.

Board members with a conflict are required to recuse themselves from voting

on such matters in which they have a conflict.

Form 990, Part VI, Section B, Line 15:

Line 15a:
The Executive Compensation Committee of the Feeding America Board of

Directors is charged with overseeing issues surrounding executive pay and

benefits. Committee members are fully independent of Feeding America

management, have no personal interest in executive compensation and are not

related to or under the control of any individual whose compensation is

under review. The Committee determines the Chief Executive Officer’s

compensation based on a competitive market analysis. Compensation
determinations are also based on competitive market data for disqualified
persons - recommended by the CEO with assistance from the Chief Human

Resources Officer (or designated Executive team member) and approved by the

Committee. The Committee approves all compensation noted above in advance

of their implementation and documents its discussions and determinations in

the Committee’s meeting minutes.

Line 15b:
The Executive Compensation Committee of the Feeding America Board of

Directors and Feeding America work with a consulting firm that specializes

in compensation services to not-for-profit organizations, with a primary

focus on executive leadership. They provide data to the Committee to

evaluate the reasonableness of each Executive’s total cash compensation.
Compensation decisions are consistent with Feeding America's Board approved executive compensation philosophy. Compensation decisions are documented in the Committee's meeting minutes.

Financial Statements are made available on the Feeding America public website as well as other charitable rating agencies. The Conflict of Interest Policy is available to the general public upon written request to the Feeding America national office. Governing documents are not currently available to the public.

Form 990, Part VI, Section B, Line 10b:

Each member food bank is an independent 501(c)(3) organization that enters into a legal and binding contract with Feeding America. The contract defines mutual accountability between both parties and outlines a set of compliance standards that detail administrative, operating, and non-compliance policies. A compliance audit is conducted by Feeding America every 18-36 months based on a member's compliance history. The visit allows Feeding America to verify compliance with the member contract. Failure to maintain compliance can result in probation, member sanctions and even termination, but typically only after steps are taken by Feeding America staff to assist the member in achieving compliance.
