The first is the Food Security Equity Impact Fund with \$20 million in seed funding to address systemic barriers and root causes of hunger that disproportionately impact communities of color. The second is the Food Security Strategic Priorities Fund with \$100 million in seed funding, which will support efforts to increase capacity within Feeding America network of food banks and partner food pantries/meal programs, enrollment and outreach programs for federal benefit programs, and enhancements to the neighbor experience within the food bank network.

Under ASC Topic 740, Feeding America must recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized

Part I, Line 2:

Members must submit a grant agreement and periodic reports as a requirement for accepting a grant from Feeding America. These reports are a vital part of stewarding donor relationships that result in continued grant funds available to our members. The Member Grants team creates report forms in conjunction with the Feeding America account manager, who is the main contact with the donor. This ensures that the donor's intent for the gift is included in the report requirements. The frequency of reporting is also in accordance with donor intent. The Member Grants team reviews completed

Part IV Supplemental Information

reports when the reports come to Feeding America. The team follows up with
 food banks that do not fully complete the reports. Information from the
 reports is shared with the account manager who is the main contact with the
 donor, and the Subject Matter Expert(s) (SMEs), which can assist members
 with program implementation challenges.

During the grant period, awardee members must submit a written reallocation
 request form if they are asking to use grant funds differently than
 described in their original proposal. The Member Grants team along with the
 appropriate account manager and SME(s) decide whether the reallocation
 request is aligned with the donor's intent for the gift. If so, the
 reallocation is approved. If not, the reallocation will be denied.

Appropriate staff as related to the grant opportunity follows up when there
 are issues/challenges with a member's completion of the grant, or their
 grant terms. When necessary, staff provide recommendations for changes to
 the proposal. When there is a serious issue with a member and their grant
 implementation, all appropriate staff will work together with the member to
 address the situation. Final decision to request the return of grant funds
 is made by consensus of the Compliance department, and other appropriate
 staff related to the grant opportunity program. Examples of serious issues
 that may require further consideration and action include: insufficient
 progress; member unlikely to use funds; non-compliance during an audit
 visit; and late submission of, or failure to submit grant reports.

Form 990, Part I, Line 1, Description of Organization Mission:

Our mission is to advance change in America by ensuring equitable
access to nutritious food for all in partnership with food banks,
policymakers, supporters, and the communities we serve. Our vision is
an America where no one is hungry.

Form 990, Part III, Line 4a:

Food procurement program includes supply chain, logistics and product
sourcing services. Supply chain services facilitate the acquisition of
food and grocery products for free distribution to people facing hunger
in the U.S.

The Feeding America National Office augments donated food and grocery
products with produce procured from farmers and growers to ensure a
nutritional and well-rounded mix of product is available to the
network. A portion of these procurement costs are offset by fees paid
by member food banks to the donor/service provider, which may include
the cost of packaging, transportation, and processing fees. During
fiscal year 2021, the national produce program distributed 106 million
pounds of fresh produce to our member food banks and related regional
organizations. Additionally, Feeding America regional sourcing
personnel generated 93 million pounds of produce for the network making
the total generated by Feeding America national office 199 million
pounds. The Feeding America network collectively secured more than 791
million pounds of fresh produce (produce sourced through our other
channels is not included in this number).

During fiscal year 2009, the Supply Chain team launched a national grocery program to obtain lower prices for purchased groceries by leveraging the collective buying power of our member food banks. During fiscal year 2021, 161 members participated in the national grocery program, with purchases of \$121 million in food and grocery products that resulted in more than 164 million pounds of purchased food.

Product sourcing facilitates the donation of food and grocery products from major national and regional manufacturers and retailers. Through the efforts of food sourcing staff across the network, and the help of our trusted retail partners, the grocery rescue program (retail store donation program) secured more than 2.0 billion pounds of product. Food manufacturers donated more than 839 million pounds of food to our member food banks.

In total, the Feeding America network distributed approximately 8.0 billion pounds of food and grocery items in fiscal year 2021 to people in need. This represents greater than 28 percent growth over fiscal year 2020.

Form 990, Part III, Line 4b:

Member services advance the operations of Network food banks through capacity development, consulting, assessment and training. The Feeding America national office conducts a national standards review for each Network member every 18-36 months to ensure compliance with the highest standards of food safety, management, governance and accountability.

Due the need to social distance during the pandemic, some standards

reviews were delayed or performed as part of a virtual review pilot.

Significant portions of the member services FY21 budget helped to

provide grants to member food banks supporting supporting their

emergency response to the COVID-19 pandemic, the development of

services reaching communities disproportionately impacted by food

insecurity such as communities that are racially marginalized and/or

rural communities, the development of innovative charitable feeding

programs, and other strategic initiatives.

Of all food and funds raised by the national office, more than 98

percent goes directly back to Network members to support programs and

services, including more than \$380 million of direct support in the

form of grants to the Network. Our Member Services program also

advances logistics and service capacity through information technology;

prepares our Network for responses to natural disasters through

planning, information sharing and product deployment through disaster

services; offers fundraising and food sourcing capacity building

opportunities, and shares best practices and wisdom among Network

members through knowledge and learning.

Form 990, Part III, Line 4c:

Public awareness and education services advance awareness of and

engagement with the issue of hunger through marketing and engagement

programs in addition to media relations and publications initiatives.

All of which aim to mobilize the public and drive awareness and support

of both the issue of domestic hunger generally and Feeding America

specifically. We believe the U.S. public has a significant role to play

in ending hunger. We have seen that people do indeed want to help

people in need when they better understand who is affected by food insecurity, the extent of the problem, how it relates to their everyday lives and what they can do to address it. Feeding America is focused on delivering this information through targeted initiatives such as Public Service Announcement (PSA) campaigns, media outreach and additional marketing programs designed to reach people during relevant time periods. These initiatives are created and supported by world class creative agencies, media partners and content distributors.

Form 990, Part III, Line 4d, Other Program Services:

Our Research and Evaluation Team spearheads critical research initiatives to better understand hunger and to continually improve our strategies to end it. We analyze the dynamics at play among the Nation's food insecure individuals and families, the patterns surrounding their use of our services, and endeavor to utilize this data to ultimately create better local feeding programs. Additionally, we investigate our own Organizational operations as a network, identifying opportunities for continual growth and refinement.

During fiscal year 2021, we released the eleventh consecutive edition of Map the Meal Gap, our signature study on overall and child food insecurity in every county and congressional district in the United States. Not only does this study allow our partners, policymakers, donors, and the public to understand the picture of hunger in their communities, it provides our food banks with data that enables them to target their services to people most in need. Feeding America also released food insecurity projections for calendar year 2022 at the national, state, county, congressional district, and service area

levels. Feeding America piloted the first-of-its-kind Agency Pulse Survey tool that our member food banks can use to assess their partner agencies' needs for additional food, funds, and other resources as a result of COVID-19. Additionally, Feeding America produced The State of Senior Hunger in America in 2018 which documents the prevalence of food insecurity among the senior population age 60 and older in the United States, along with a new report this year that examines food insecurity among adults age 50-59. We also supported our network food banks with new research tools, such as a Levels of Evidence Framework to assess and compare effectiveness of tested programmatic interventions, and a research toolkit of validated survey measures to support local research in accordance with national best practices.

Programs and Policy

Feeding America's national programs are targeted, scalable distribution models that increase access to meals through benefits access, groceries and meals to children, families, and seniors. We strengthen our network by providing grant funding, program standards, technical assistance, and training resources that increase capacity, build awareness, and improve equitable access. We have expanded the reach of our national programs by providing 201 million meals through programs that feed children, such as kids cafe, backpack, and school pantry programs; by providing eligible families access to over 222 million meals through supplemental nutrition assistance program (snap) application assistance; and by providing 220 million meals worth of nutritious food to food-insecure seniors through senior programs.

Name of the organization Feeding America	Employer identification number 36-3673599

Our public policy and advocacy programs educate federal lawmakers and policy influencers about hunger in America and identify and advance policy solutions that assist individuals who are struggling with hunger and strengthen food banks. Our non-partisan efforts help protect and strengthen federal nutrition programs that provide meals to families, children and seniors in need and policies that facilitate and support charitable giving of food and funds to non-profits providing meals to hungry families in America.

In FY 2021, Feeding America's legislative focus was on increasing funding for federal nutrition programs in response to COVID-19, including increased funding for TEFAP, an increase in snap benefits and flexibility for child nutrition programs. We continue to build advocacy capacity and engagement across our network by developing advocacy training programs for food bank staff. We also mobilize advocates online who generate hundreds of thousands of phone calls and emails in support of policies that reduce hunger in America. We are building civic engagement programs that ensure the people we serve are active participants in their community from encouraging them to register to vote to advocating to end hunger.

Form 990, Part VI, Section B, line 11b:

The Audit and Risk Management Committee and the Executive Compensation Committee of the Feeding America Board of Directors reviewed the prepared Form 990 during January 2022, followed by a sign-off by the full Board of Directors in February 2022. All bodies reviewed the data and had the opportunity to offer refinements to narrative language. Our accounting Firm, RSM US LLP, also reviewed these forms. The final Form 990 was
