Independent Auditors' Report

The Board of Directors
Feeding America:

Report on the Financial Statements

We have audited the accompanying financial statements of Feeding America, which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Feeding America as of June 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(1) Organization and Purpose

Feeding America is the nation's leading domestic hunger-relief charity. The mission of Feeding America is to feed America's hungry through a nationwide network of member food banks and engage the country in the fight to end hunger. The network is composed of approximately 200 food banks, which serves all 50 states, the District of Columbia, and Puerto Rico. Each member food bank is an independent nonprofit organization that enters into a contract with Feeding America. Feeding America's national office is located in Chicago, Illinois. The public policy office is located in Washington, D.C.

Feeding America is a not-for-profit entity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 509(a) of the Code.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting and Use of Estimates*

The financial statements of Feeding America have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(b) *Cash*

Cash is composed of available cash balances. Feeding America maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. Feeding America has not experienced any losses in such accounts. Management believes that Feeding America is not exposed to any significant credit risk on cash.

(c) *Investments and Related Income, Gains, and Losses*

Investments in equity and debt securities are reported at fair value. Fair values are primarily determined based on quoted market prices or other market inputs. Interest and dividends on short-term investments are included in operating revenue. Interest and dividends on long-term investments are included in nonoperating activities. All other investment income, including realized and unrealized gains and losses on short-term and long-term investments, is reported as nonoperating activities. Investment returns on donor-restricted endowment funds are recorded to temporarily restricted net assets. Management fees on investments are recorded as a reduction to investment income.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

Feeding America invests in various investment securities including U.S. government and agency securities, domestic equity mutual funds, corporate bonds, fixed-income mutual funds, asset-backed securities, money market funds, international equity mutual funds, and limited partnerships. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of Feeding America's investments could occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Feeding America records its investments under Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 also establishes a framework for measuring fair value and expands disclosures about fair value measurements (note 4).

Feeding America applies the measurement provisions of ASC Topic 820 to certain investments in mutual funds and alternative investments that do not have readily determinable fair values. This guidance allows for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value using net asset value (NAV) per share or its equivalent. Interests in mutual funds and alternative investment funds are generally reported at the NAV reported by the fund managers, which is used as a practical expedient to estimate the fair value interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2015 and 2014, Feeding America had no plans or intentions to sell investments at amounts different from NAV.

(d) Contributions Receivable

Feeding America reports unconditional promises to give as contributions. If outstanding contributions are expected to be collected in less than one year, they are recorded at the estimated amount to be ultimately realized. If outstanding contributions are to be paid to the organization over a period of years, they are recorded at the present value of their estimated cash flows using the prime rate as of the fiscal year-end in the year of donation. Contributions receivable amounts due in excess of one year after June 30, 2015 are reflected net of an allowance for uncollectible amounts based on management's judgment, past payment experience, and other relevant factors and have been discounted to net realizable value at a discount rate of 3.25%. Gross contributions receivable as of June 30, 2015 within one year are \$23,122 and from one to five years are \$5,529. Gross contributions receivable as of June 30, 2014 within one year are \$16,838 and from one to five years are \$9,350. Feeding America has an allowance for uncollectible contributions receivable of \$427 and \$387 as of June 30, 2015 and 2014, respectively.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(e) Furniture and Equipment

Furniture and equipment are stated on the basis of cost at date of purchase or, if donated, at fair value at the date of donation. Depreciation is computed using the half-year convention straight-line method over the estimated useful lives of the assets.

(f) Gift Annuities

Feeding America enters into agreements with donors in which the donor contributes assets in exchange for an annuity to be paid to the donor or their designee for a specified period of time. Annually, the annuity liability is readjusted based upon actuarial projections of future payments over the remaining life expectancy of the donor or their designee. Upon termination, any residual amount is recognized as nonoperating revenue.

(g) Donated Goods and Services

Feeding America reports the fair value of gifts of donated food and grocery products over which it has control (i.e., variance power) as unrestricted public support and, shortly thereafter, as expense when granted to member food banks. During the years ended June 30, 2015 and 2014, Feeding America distributed approximately 1,214 million pounds and 1,129 million pounds, respectively, of donated product received from approximately 240 national donors and their subsidiaries. The approximate average wholesale value of one pound of donated product at the national level, which was determined to be \$1.70 and \$1.72, respectively, during 2015 and 2014, was based upon a study performed by Feeding America. Many of the national donors donate food and grocery products directly to local members. Beginning in 2011, Feeding America entered into written contracts with national donors to distribute grocery products directly to its local members. The pounds distributed to member food banks under these agreements amounted to 904 million pounds and 801 million pounds as of June 30, 2015 and 2014, respectively. The dollar amount of these pounds distributed to member food banks under these agreements is \$1,537,285 and \$1,377,429, respectively, and is included within donated goods and services in the accompanying financial statements. The pounds that have been directly donated to Feeding America and then distributed to the member food banks amounted to 310 million pounds and 328 million pounds as of June 30, 2015 and 2014, respectively. The dollar amount of these pounds is approximately \$527,095 and \$564,160, respectively, and is included within donated goods and services in the accompanying financial statements. Any remaining donations made directly to local member food banks from national donors with whom Feeding America does not have a written agreement are not included in the accompanying financial statements because Feeding America does not have written agreements with such donors granting Feeding America explicit authority over the distribution of such donated goods and services (note 10).

In addition, a number of individuals and organizations have made in-kind donations or volunteered their services to Feeding America. For those services that do not require special expertise, the estimated value of such donated services has not been recorded in the financial statements. In-kind donations and services for which fair value can be validated and requiring specific expertise have been reflected in the financial statements at their estimated fair value. In-kind media support is not reflected in the accompanying financial statements (note 2(i)). For the years ended June 30, 2015 and 2014, Feeding America received \$2,065,718 and \$1,942,723 in donated goods and services, respectively.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(h) *Contributions*

Feeding America maintains its accounts in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified for accounting purposes in accordance with activities or objectives specified by donors.

These financial statements have been prepared to focus on Feeding America as a whole and to present balances and transactions classified according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of fund balances into three classes of net assets – permanently restricted, temporarily restricted, or unrestricted.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as temporarily restricted. Amounts required to be maintained in perpetuity by the donor are reported as permanently restricted net assets.

Corporate promotions differ from corporate contributions in that there is a promotional factor involved with the donor. Both Feeding America and the donor receive more advertising and publicity through this type of effort than through a normal corporate contribution. The amount of the funds received is typically based on the promotional activity.

Contributions, including unconditional promises to give, are recognized in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. A donor restriction expires when a time restriction ends or when the purpose for which it was intended is attained. Temporarily restricted net assets are reclassified to unrestricted net assets upon expiration of donor restrictions and are reported in the statements of activities as net assets released from restrictions. Restrictions expiring on contributions received in the same year result in a reclassification from temporarily restricted to unrestricted revenue.

Feeding America accounts for endowment funds under ASC Subtopic 958-205, *Classification of Donor-Restricted Endowment Funds Subject to UPMIFA*. ASC Subtopic 958-205 provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of Uniform Prudent Management of Institutional Funds Act (UPMIFA). ASC Subtopic 958-205 enhances disclosures related to both donor-restricted and board-designated endowment funds, whether or not the organization is subject to UPMIFA (note 7).

(i) *Donated Media (Unaudited)*

Feeding America considers donated media as contributions because they are voluntary nonreciprocal transfers from other entities. However, the value of donated media has not been recognized as donated services revenue in fiscal years 2015 or 2014 as management of Feeding America is currently unable to validate the methodologies used to estimate the fair value of donated media. Accordingly, donated media is not recognized as in-kind contribution revenue in the accompanying financial statements given the major uncertainties about the estimated value of donated media. During the period of July 1, 2014 to March 31, 2015 and the year ended June 30, 2014, Feeding America's Public Service Announcement campaign in partnership with Ad Council received \$49,503 and \$70,407, respectively,

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

in donated media support, mainly through radio, television, and outdoor channels, as estimated by the Ad Council.

(j) Operations

Revenue is reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions and the restrictions are not met in the current fiscal year. Expenses are reported as decreases in unrestricted net assets.

Member fees include annual fees assessed to member organizations as well as additional fees for business solutions and fees to help defray the cost of the comprehensive quadrennial hunger study among others.

Food procurement revenue is fees paid by member food banks to the National Office to cover the cost of packaging, transportation, and processing donated food or procurement costs associated with Feeding America's grocery and produce programs.

Conference fees represent registration fees and sponsorships for the various conferences that are sponsored by Feeding America for the benefit of member organizations. Conference fees received but not earned as of June 30 are recorded as deferred revenue. Other revenue includes funds received from the sale of Feeding America mailing lists to other nonprofit organizations, settlement funds from legal cases to which courts appointed Feeding America as uninvolved beneficiary, revenue from sublease agreement, and fees for National Office sponsored training programs.

During the course of business, Feeding America receives agency funds on behalf of member organizations. Agency funds received and distributed to member organizations are not reported as revenue, support, or expenses within the statements of activities as Feeding America lacks variance power to direct the use of the funds. During 2015 and 2014, respectively, Feeding America received approximately \$81 and \$1,206 in agency funds and all but \$1,200 in 2014 was distributed to member food banks and included in accounts payable and accrued expenses at fiscal year-end.

As of June 30, 2015 and 2014, Feeding America accrued expenses of \$13,285 and \$3,264, respectively, of unconditional promises to give for child hunger programs, technology grants, food sourcing, nutrition, mobile pantry and other vehicles, and general operating support that have been awarded to member organizations. For fiscal year 2015, amounts payable within one year are \$13,268 and are included in accounts payable and accrued expenses. Amounts payable within two to five years are \$17 and are included in other noncurrent obligations.

Advertising costs are expensed as incurred.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(k) *Income Taxes*

Feeding America accounts for uncertain tax positions in accordance with ASC Topic 740, *Accounting for Uncertainty in Income Taxes*. ASC Topic 740 addresses the determination of how tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under ASC Topic 740, Feeding America must recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. ASC Topic 740 also provides guidance on derecognition, classification, interest and penalties on income taxes, and accounting in interim periods and requires increased disclosures. As of June 30, 2015 and 2014, Feeding America does not have a liability for unrecognized tax benefits.

(l) *Functional Allocation of Expenses*

The cost of providing the various programs and supporting services is summarized on a functional basis in the statements of functional expenses. Certain costs are allocated among the program and supporting services benefited.

(3) *Investments*

(a) *Overall Investment Objective*

Feeding America maintains a short-term and long-term investment portfolio. The purpose of the short-term investment portfolio is to provide sufficient liquidity to meet the financial obligations of Feeding America in a timely manner without requiring liquidation of assets from the long-term investment pool. The investment objectives are preservation of capital, liquidity, and optimization of the investment returns.

(b) *Allocation of Investment Strategies*

Short-term funds are invested in low or risk-free investments with a high degree of liquidity. Investments should have a maturity for a period not to exceed 180 days. The investment managers are allowed to use derivative securities to reduce portfolio risk. Refer to note 7 for long-term portfolio investment objectives and strategies.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

The cost and fair value of short- and long-term investments at June 30, 2015 and 2014 were as follows:

	2015		2014	
	Cost	Fair value	Cost	Fair value
Government and agency securities and mutual funds	\$ 4,096	4,068	1,363	1,366
Money market funds	678	678	3,119	3,119
Domestic equity mutual funds	5,293	5,463	7,723	8,051
Corporate bonds and fixed-income mutual funds	6,436	6,286	6,971	7,003
Asset-backed securities and investment funds	—	—	735	754
International equity mutual funds	5,990	5,587	3,166	3,361
Hedge fund of funds	1,500	1,575	—	—
Limited partnership	31	31	33	33
	\$ 24,024	23,688	23,110	23,687

Feeding America has invested in alternative investments – hedge fund of funds. The funds are primarily invested in global equity markets and private investment funds. There are no additional funding commitments as of June 30, 2015. Feeding America has the ability to withdraw from the alternative investment all or any portion of its capital as of the last business day of each calendar quarter, with at least 60 calendar days' written notice.

Investment return for the years ended June 30, 2015 and 2014 was as follows:

	2015	2014
Return on investments:		
Interest and dividends	\$ 419	310
Gains (losses) on investments:		
Net realized gains	510	2,514
Net change in unrealized gains and losses	(928)	(584)
Net gains (losses) on investments	(418)	1,930
Total return on investments	\$ 1	2,240

Short-term investments at June 30, 2015 and 2014 include \$751 and \$749, respectively, in a Disaster Relief Fund. Investment fees, included as a reduction of interest and dividends above, were \$79 and \$54 for the years ended June 30, 2015 and 2014, respectively.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(4) Fair Value Measurements

(a) Fair Value of Financial Instruments

The following methods and assumptions were used by Feeding America in estimating the fair value of its financial instruments:

- The carrying amount reported in the statements of financial position for the following approximates fair value because of the short maturities of these instruments: cash, accounts receivable, accounts payable, and accrued expenses.
- Short-term and long-term investments: Domestic equity mutual funds, international equity mutual funds, government and agency securities and mutual funds, asset-backed securities and investment funds, corporate bonds and fixed-income mutual funds, limited partnership, and money market funds are measured using quoted market prices at the reporting date multiplied by the quantity held. The carrying value equals fair value.
- Feeding America applies the concepts of ASC Subtopic 820-10 to its mutual funds and alternative investments using NAV as a practical expedient in estimating fair value; however, it is possible that the redemption rights of certain alternative investments may be restricted by the funds in the future in accordance with the underlying fund agreements. Changes in market conditions and the economic environment may impact the NAV of the funds and consequently the fair value of Feeding America's interest in the fund.

(b) Fair Value Hierarchy

Feeding America follows the guidance of ASC Topic 820 for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Feeding America has the ability to access at the measurement date. Level 1 assets include cash that comprises demand deposits with commercial banks, domestic and international equity securities, and money market funds that consist primarily of U.S. Treasury obligations.
- Level 2 inputs are observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets include government and agency securities, corporate bonds, asset-backed securities, and a limited partnership fund.
- Level 3 inputs are unobservable inputs for the asset or liability.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table presents assets that are measured at fair value on a recurring basis at June 30, 2015:

	<u>Total</u>	<u>Quoted prices in active markets for identical assets (Level 1)</u>	<u>Significant other observable inputs (Level 2)</u>	<u>Significant unobservable inputs (Level 3)</u>
Assets:				
Cash	\$ 50,398	50,398	—	—

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

The table below sets forth a summary of changes in the fair value of Feeding America's Level 3 assets for the year ended June 30, 2015:

	Level 3 assets Year ended June 30, 2015
Balance, beginning of year	\$ —
Purchases	1,500
Total net gains	75
Sales	—
	\$ 1,575

The following table presents assets that are measured at fair value on a recurring basis at June 30, 2014:

	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets:				
Cash	\$ 30,540	30,540	—	—
Investments:				
Government and agency securities and mutual funds	1,366	142	1,224	—
Money market funds	3,119	3,119	—	—
Domestic equity mutual funds	8,051	4,304	3,747	—
Corporate bonds and fixed-income mutual funds	7,003	7,003	—	—
Asset-backed securities and investment funds	754	754	—	—

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

	<u>Total</u>	<u>Quoted prices in active markets for identical assets (Level 1)</u>	<u>Significant other observable inputs (Level 2)</u>	<u>Significant unobservable inputs (Level 3)</u>
International equity mutual funds	\$ 3,361	1,756	1,605	—
Limited partnership	33	—	33	—
Total investments	<u>23,687</u>	<u>17,078</u>	<u>6,609</u>	<u>—</u>
Total assets	<u>\$ 54,227</u>	<u>47,618</u>	<u>6,609</u>	<u>—</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Feeding America evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between Level 1, Level 2, or Level 3 for the fiscal year ended June 30, 2015.

(5) Commitments and Contingencies

(a) Operating Leases

On August 14, 2000, Feeding America entered into a noncancelable operating lease for certain office space that commenced on January 1, 2001, after substantial completion of Feeding America's renovation of the premises. Feeding America has amended the operating lease periodically to include additional office space.

On May 11, 2007, Feeding America entered into a noncancelable operating lease for certain office space at One Constitution Avenue, N.E. in Washington, D.C. that commenced on May 1, 2007 and expired on June 1, 2012. On February 24, 2012, Feeding America entered into a noncancelable operating lease for certain office space at 1150 18th Street, N.W. in Washington, D.C. that commenced on June 1, 2012.

Both leases contain annual escalation clauses, and accordingly, rent expense is recorded on the straight-line basis over the life of the respective leases. Amounts reported in the accompanying statements of financial position as leases payable represent rental expense recognized in excess of lease payments made as of June 30, 2015 and 2014. Lease expense under the terms of all operating leases amounted to approximately \$1,619 in 2015 and \$1,558 in 2014 and is reported within occupancy expenses.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

In February 2013, Feeding America entered into a sublease agreement with a third party, whereby the third party leased a portion of Feeding America's office space through January 2018. Sublease monthly payments started in July 2013.

Future minimum lease payments as of June 30, 2015 are as follows:

Fiscal year ending June 30:		
2016	\$	1,750
2017		1,783
2018		1,821
2019		1,854
2020		1,888
Thereafter		<u>1,682</u>
Total minimum lease payments	\$	<u><u>10,778</u></u>

Future minimum sublease payments to be received as of June 30, 2015 are as follows:

Fiscal year ending June 30:		
2016	\$	159
2017		164
2018		<u>97</u>
Total minimum sublease payments	\$	<u><u>420</u></u>

(b) Line of Credit

Feeding America has a \$10,000 secured line of credit from its primary bank that bears interest at Wall Street Journal LIBOR Daily Floating rate plus 1.40%. The line of credit is secured by an asset management investment account held at a broker-dealer company. There were no borrowings outstanding under the line of credit at June 30, 2015 and 2014. The line of credit expires on November 30, 2015.

(c) Loan Payable

On August 31, 2009, Feeding America entered into a loan agreement with an unrelated foundation for \$2,500. Proceeds from the borrowing were loaned to member organizations through a competitive bid process for the acquisition of store donation and mobile pantry vehicles (note 8). In August 2014, the final principal payment of \$562 was made to the foundation. The loan bore interest at a fixed rate of 2.00% per annum and principal payments were due semiannually beginning June 30, 2010 through maturity of August 31, 2014.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(d) Litigation

Feeding America is named in various lawsuits arising in the ordinary course of business. Management is not aware of any asserted lawsuits against Feeding America as of June 30, 2015. Feeding America has not provided for any potential future losses arising from any asserted or unasserted litigation in the accompanying financial statements. Despite the inherent uncertainties of litigation, Feeding America is not aware of any litigatory matters that may have a material adverse impact on the financial condition of Feeding America at this time.

(6) Temporarily Restricted Net Assets

Donor restrictions on temporarily restricted net assets consist of the following at June 30, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Member services	\$ 32,797	16,294
Public programs and policy	5,570	9,060
Food procurement	4,305	4,195
Research and analysis	3,075	1,260
Public awareness and education	1,116	193
Fund development	541	352
Management and general	4,917	7,047
Total temporarily restricted funds	<u>\$ 52,321</u>	<u>38,401</u>

(7) Endowments

Feeding America follows the guidance of ASC Topic 958, *Not-For-Profit Entities*, related to net asset classification and required disclosures of donor restricted endowment funds for a not-for-profit organization that is subject to an enacted version of UPMIFA.

Feeding America's endowment consists of approximately 13 individual funds established for a variety of purposes including donor-restricted endowment funds and funds designated by the board of directors to function as endowments. Net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

Endowment net assets consist of the following at June 30, 2015:

	<u>Unrestricted</u>	<u>Temporarily restricted</u>	<u>Permanently restricted</u>	<u>Total</u>
Donor-restricted endowment funds	\$ —	528	1,813	2,341

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

Changes in endowment net assets for the year ended June 30, 2014 are as follows:

	Unrestricted	Temporarily restricted	Permanently restricted	Total
Endowment net assets, July 1, 2013	\$ 12,227	319	1,576	14,122
Investment return	1,732	318	33	2,083
Contributions	3,389	—	189	3,578
Appropriated expenditures of endowment assets	—	(55)	—	(55)
Endowment net assets, June 30, 2014	\$ 17,348	582	1,798	19,728

(a) Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires Feeding America to retain as a fund of perpetual duration. Deficiencies of this nature are reported in unrestricted net assets. Subsequent gains restore the fair value of the assets of the endowment fund to the required level. There were no deficiencies as of June 30, 2015 and 2014.

(b) Return Objectives and Risk Parameters

Feeding America has adopted investment and spending policies for endowments assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organizations must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of appropriate benchmarks while assuming a moderate level of investment risk.

(c) Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, Feeding America relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Feeding America targets a diversified asset allocation that places emphasis on investments in equities, bonds, and other securities in a 38-42-20% ratio to achieve its long-term return objectives within prudent risk constraints. Major investment decisions are authorized by the board's Stewardship Committee, which oversees the investment program in accordance with established guidelines.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

(d) *Spending Policy and How the Investment Objectives Relate to Spending Policy*

Feeding America has a policy of appropriating for distribution each year 3% of its endowment funds' average fair value over the prior three years through June 30 preceding the fiscal year in which the distribution is planned. In establishing these policies, Feeding America considered the expected return on its endowment. Accordingly, Feeding America expects the current spending policy to allow its endowment to maintain its purchasing power by growing at a rate equal to planned payouts. Additional real growth will be provided through new gifts and any excess investment return.

(8) *Related-Party Transactions*

For the years ended June 30, 2015 and 2014, Feeding America recorded approximately \$29,497 and \$29,808, respectively, in cash and pledges and \$1,327,102 and \$1,198,796 in goods and services from companies that have representatives who are members of Feeding America's board of directors. At June 30, 2015 and 2014, Feeding America had \$16,952 and \$14,067 of pledges receivable, respectively, from companies that have representatives who are members of Feeding America's board of directors.

On August 31, 2009, Feeding America entered into a loan agreement with an unrelated foundation for \$2,500 (note 5). Proceeds from the borrowing were loaned to member organizations through a competitive bid process and used for the acquisition of store donation and mobile pantry vehicles. Loans to member organizations bear interest at 2.00% beginning in year two of the agreement and escalate by an additional 1.00% each year until maturity. During 2010, Feeding America issued a first round of loans to 19 member food banks in the amount of \$2,469. No balances were outstanding as of June 30, 2014. The loan agreements expired December 31, 2013 and were secured by a security agreement in the assets purchased by the member organizations.

During 2011, Feeding America funded a second round of loans using proceeds from repayments from the first round. Loan terms are consistent with first round of loans and the loan agreements expire on December 31, 2014. Through a competitive bid process, 10 additional member food banks received funds for the purchase of vehicles in the amount of \$1,168. As of June 30, 2014, \$70 was outstanding. All payments were received in fiscal year 2015, and therefore, no balances were outstanding as of June 30, 2015.

In January 2013, the loan agreement with the foundation was amended to allow Feeding America to use the proceeds from repayments to finance food banks' technology upgrades. Through a competitive bid process, five member food banks received funds of \$75 each, with a three-year term. Loans bear interest at 2.00% beginning in year two of the agreement and escalate by an additional 1.00% the following year. As of June 30, 2015 and 2014, \$75 and \$150 are outstanding, respectively.

Feeding America has recognized an allowance estimated for uncollectible notes receivable of 10.00% of the outstanding principal balance. At June 30, 2015 and 2014, an allowance of \$7 and \$21, respectively, was recorded as a reduction to notes receivable.

FEEDING AMERICA

Notes to Financial Statements

June 30, 2015 and 2014

(Dollars in thousands)

On May 22, 2014, Feeding America issued a \$750 revolving line of credit to a start-up food bank member for the acquisition of trucks and warehouse equipment. The line of credit bears interest at LIBOR plus 2.00% beginning in year three of the agreement. The agreement expires on December 31, 2017. As of June 30, 2015 and 2014, \$413 and \$225 are outstanding, respectively.

On June 24, 2015, Feeding America issued a \$300 revolving line of credit to a food bank member for operating purposes. The line of credit bears interest at the LIBOR three-month maturity rate plus 2.00% beginning in year three of the agreement. The agreement expires on June 30, 2017. As of June 30, 2015, \$80 is outstanding.

(9) Retirement Plan

Feeding America provides a 401(k) defined contribution plan (the Plan) for substantially all employees. In addition to employee contributions, Feeding America contributes 3.00% of each participant's compensation to the Plan. Feeding America makes an additional matching contribution of 3.00% if the employee contributes a minimum of 1.00% of their salary to the Plan. These employer contributions are made beginning with the employee's participation in the Plan (the employee's date of hire). Total retirement expense and contributions made by Feeding America for the years ended June 30, 2015 and 2014 were approximately \$1,156 and \$1,075, respectively.

(10) Direct Donations

During the years ended June 30, 2015 and 2014, the Feeding America Network distributed approximately 1,797 million pounds and 1,623 million pounds, respectively, of food and grocery products. This total includes donations that were distributed directly to member organizations from national donors as well as donations over which Feeding America exercises control. Food and grocery products distributed directly to member organizations, totaling approximately 583 million and 494 million pounds for the years ended June 30, 2015 and 2014, respectively, have not been recognized in the accompanying financial statements as Feeding America did not exercise control over the distribution of these donations.

(11) Subsequent Events

In connection with the preparation of the financial statements and in accordance with ASC Topic 855, *Subsequent Events*, Feeding America evaluated subsequent events after the statement of financial position date of June 30, 2015 through September 22, 2015, which was the date the financial statements were available to be issued and determined there were no other items to be disclosed.
