Older Americans Month is an annual event dating back to 1963 when President John F. Kennedy designated May as Senior Citizens Month. It was later renamed Older Americans Month and every president since has issued a formal proclamation asking the nation to pay tribute to older persons in their communities.

The Feeding America nationwide network of food banks participates by raising awareness and showing support for the 7 million seniors who seek food assistance across our network.

One way for YOU to get involved is to take a #SolveSeniorHunger photo or video and post to your social media accounts with the hashtag.

Get started with step-by-step instruction below.

### Step by Step Instructions: Taking your Photo

1. Using a dark marker, make a handwritten sign that reads “#SolveSeniorHunger”.
   a. The darker and thicker the font, the better.

2. Take a photo of yourself, your family, friends or seniors you know while holding your handmade “#SolveSeniorHunger” sign.
